Blessings is a non-profit organization established for providing child care funds for teenage moms in Summit and Portage counties, allowing them to remain in school.

In addition to receiving assistance with child care, the teen moms are matched up with a mentor parent for continual guidance and support. Every teen must attend church and a mentor meeting each week, maintain good grades and school attendance, and meet monthly to learn ways to adopt good life skills.

Our Mission

To invite teen parents to consider the Good News of Jesus Christ as we partner with them to complete their education by providing discipleship and childcare money through donations provided by churches, businesses, and individuals.

During the 2017-18 school years, two students are being served in Life Skill Classes and mentoring offered by Blessings.
